Thank you for helping us celebrate
agriculture & community!

Dear 2024 UP State Fair Exhibitors,

The Upper Peninsula State Fair Authority representing all fifteen counties of the Upper Peninsula and Hannaville Indian Community welcomes you to our 2024 Upper Peninsula State Fair.

Planning for this year's fair begins with review of suggestions from exhibitors, department superintendents and representatives by the Department Advisory Committee (DAC). After several meetings of much discussion and debate the final changes are reviewed by the Fair Management Team who then presents them to the Fair Authority for final approval.

You, the exhibitor plays such an important role in educating our fair guests with your exhibits of various crops, livestock, agricultural technology, the latest in crafts and food displays. The various youth competition events also provide entertainment for the public and the opportunity to display your good sportsmanship with fellow exhibitors.

Fair week is a time to renew past fair acquaintances and make new ones. A time with family and friends to enjoy fantastic midway rides provided by the Skerbeck Entertainment Group, traditional fair food options and the latest items from various merchant booths. The fair management team has put together an exciting variety of grand stand shows and midway entertainment for you again this year.

We thank you, the exhibitors and your parents for all your effort and time in presenting such great exhibits.

Enjoy your time and share your smiles,

Steve Palosaari

LANSING

GRETCHEN WHITMER
GOVERNOR

GARLIN GILCHRIST II
LT. GOVERNOR

Dear Friends,

On behalf of the State of Michigan, welcome to the 2024 county fair season. Our county fairs provide an excellent outlet for education, local charm, and family fun!

Each year, county fairs across Michigan showcase the unique talents, skills, and dedication of our state's farming and agriculture community. County fairs provide excellent opportunities for Michiganders to gather in celebration of our agricultural industry, highlighting modern agriculture processes, and honoring years of traditions.

I guarantee that the exhibits from our 4-H and Future Farmers of America (FFA) members will impress you and your family. As you gather with family and friends this fair season, I hope you enjoy the delicious food and family-friendly fun that county fairs provide. I have no doubt that your local county fair will offer entertainment and education for the whole family.

I send my best wishes for a fun and educational fair season. Whether you are a sponsor, exhibitor, or fairgoer, I hope you enjoy Michigan's county fairs this summer!

Sincerely,

STATE OF MICHIGAN
DEPARTMENT OF AGRICULTURE
AND RURAL DEVELOPMENT

DR. TIM BORING
DIRECTOR

Dear Friends,

On behalf of Michigan's fair industry, welcome to the 2024 county fair season!

Millions of people attend Michigan's county fairs each year, enjoying the sights, sounds, and activities that have become an annual tradition across the state.

Michigan's county fairs are cornerstones of social and cultural community identity. These annual events bring people together and maintain essential connections to rural traditions at a time when people are increasingly disconnected from agriculture and food production. Our state's 85 local, county, and state fairs provide safe, family-friendly entertainment and celebrate our important agricultural heritage.

County fairs also support nearly 50,000 Michigan youth who participate in livestock and community art exhibitions each year. These youth activities are meaningful educational and professional development opportunities and build lifelong connections with agriculture. The support provided by local businesses and families also provides meaningful resources for continuing education.

Whether you are here as a sponsor, exhibitor, or fairgoer, many family memories await you. I wish you great adventures during the 2024 fair season.

Sincerely,

A handwritten signature in black ink that reads "Tim Boring".

If an animal becomes non-ambulatory (unable to move under its own power) after arriving at the UPSF the following policies will be strictly enforced. **1.** The owner of any animal which becomes non-ambulatory after arriving at the UPSF shall immediately notify the Department Superintendent. The Superintendent shall immediately notify the UPSF Veterinarian and UPSF Management. **2.** The UPSF Veterinarian, Department Superintendent, UPSF Management and owner/parent (or representative) of the animal will consult each other to come to the best decision for the animal with the emphasis being the best welfare of the animal. **3.** Livestock that become non-ambulatory after arriving at the UPSF must be removed for treatment as soon as possible but no later than 12 hours of discovering or receiving notice of the animal's condition. If the animal is treatable and the above committee agrees, the owner must remove the animal from the fairgrounds (at the owner's expense) within the 12-hour period. If euthanasia is determined to be the best option, it will be at the owner's expense. **4.** If an animal dies while at the UPSF, Fair management will help coordinate the removal of the carcass from the fairgrounds. The owner is responsible for proper disposal of the carcass. **5.** UPSF reserves the right to test all non-ambulatory/deceased animals in instances where symptoms of contagious disease or suspected ethic violations are present. Testing may be done at the owner's expense if ethic violations are present.

UPSF shall maintain an isolation/quarantine location which has been sanitized and prepared prior to the Fair. Exhibitors shall designate 1 person to monitor and care for the isolated animal. The UPSF shall appoint a Quarantine Liaison to monitor animals and facilitate communication between fair personnel and quarantined exhibitors.

No drugs shall be administered to livestock that are prohibited by State and Federal regulations. Animals under the care of a licensed veterinarian and/or taking any type of performance enhancing medication which may include but is not limited to steroids, diuretics, anti-inflammatories, tranquilizers, and pain killers are ineligible for competition, show and sale. Exhibitors are responsible to read all product labels to make sure they do not contain such ingredients. Exhibitors must be aware drug residue may

be found in the system longer than the labeled withdrawal time. Adequate time must have passed so the animal does not test positive for drugs during any tests during the fair or at the time of slaughter. Animals requiring such treatments during the fair may be allowed to remain for public display only at the discretion of the superintendent and the UPSF staff and veterinarian. Animals must remain free and clear of all such drugs during the competition and sale or be disqualified from competition, awards, placements, ribbons, or sale. Animals needing treatment outside of 12 hours before competition and during competition or sale, may receive treatments administered under the supervision and direction of the UPSF Veterinarian with consultation with Department Superintendent, UPSF Management, and owner/parent. Please Keep in mind, lack of pre-planning does not constitute an emergency. Stock trailer parking with 24 hour access is available near the North Coast barn.

FORMAL PROTESTS

Formal protests against an exhibit or exhibitor (s) will be accepted from an exhibitor for violations of written rules and procedures of the UPSF. The exhibitors' guide and other published fair policy serve as the source for rules and policies of the UPSF. All persons are strongly encouraged to settle disputes amicably without utilizing the formal procedure.

Formal protests must be submitted within 24 hours of failure to informally resolve the issues or within 2 hours of a placement.

Fair Management will forward the completed formal protest form to the superintendent of the department involved. The superintendent shall procure relevant facts regarding policy and make a resolution recommendation to the party or parties involved. This recommendation must be written on the formal protest form. Any recommendation that includes disciplinary action of one or more individuals involving loss of placements or premiums or removal of exhibit or exhibitor must be done in consultation with the U.P. State Fair Authority Board.

****Please note that a rule change request will not be honored after the premium book has been printed.**

APPEALS

An appeal may be filed by returning the same form to UPSF Management with a written explanation of why the proposed resolution was not acceptable. (Dissatisfaction with the level of discipline taken, is not an appealable issue.) The UPSF Management will forward the appeal to the protest board chairperson who will schedule the hearing for as soon as is prudent and necessary. The appellant must be present if requested. The decision will be made in writing and is final and without further appeal.

If an animal becomes non-ambulatory (unable to move under its own power) after arriving at the UPSF the following policies will be strictly enforced. **1.** The owner of any animal which becomes non-ambulatory after arriving at the UPSF shall immediately notify the Department Superintendent. The Superintendent shall immediately notify the UPSF Veterinarian and UPSF Management. **2.** The UPSF Veterinarian, Department Superintendent, UPSF Management and owner/parent (or representative) of the animal will consult each other to come to the best decision for the animal with the emphasis being the best welfare of the animal. **3.** Livestock that become non-ambulatory after arriving at the UPSF must be removed for treatment as soon as possible but no later than 12 hours of discovering or receiving notice of the animal's condition. If the animal is treatable and the above committee agrees, the owner must remove the animal from the fairgrounds (at the owner's expense) within the 12-hour period. If euthanasia is determined to be the best option, it will be at the owner's expense. **4.** If an animal dies while at the UPSF, Fair management will help coordinate the removal of the carcass from the fairgrounds. The owner is responsible for proper disposal of the carcass. **5.** UPSF reserves the right to test all non-ambulatory/deceased animals in instances where symptoms of contagious disease or suspected ethical violations are present. Testing may be done at the owner's expense if ethical violations are present.

This excludes Department 3, Division 15 (Highland cattle).

VETERINARIAN PROCEDURE

The UPSF maintains a veterinarian on staff during the week of the fair. The UPSF veterinarian and/or the State of Michigan Veterinarian shall be the final word on questions related to animal health issues, quarantines, and health related disqualifications or removals. The UPSF veterinarian/ State Veterinarian may examine any animal or animal health records upon entry to the grounds or during the fair should health concerns or questions arise.

Animals exhibiting signs of illness should be reported to the department superintendent or Exhibitors Manager for the protection of all animals and exhibitors. Staff and management will do everything possible to notify a sick animal's owner prior to veterinary examination but may order examination and treatment to commence should the situation be deemed an emergency. Any treatments or procedures done by the UPSF veterinarian, except for examinations/sampling in conjunction with a show or contest, will be billed to the animal owner/exhibitor. Payment must be made to the UPSF office before the final closing of the fair or premium checks will be withheld and future fair entries may be rejected.

Exhibitors may seek and employ their own veterinary care during the fair at their own expense (including parking/gate pass). Exhibitors doing so must inform the UPSF veterinarian, department superintendent or Exhibitors Manager of animal (s) receiving medical care. Management reserves the right to consult with the UPSF veterinarian/State Veterinarian on questions regarding the eligibility, animal health, and removals and will follow his/her guidance and recommendations. Treatments made contrary to the UPSF veterinarian/State Veterinarian's recommendation may lead to disqualification or removal if he/she deems it necessary.
